

## HOPPER WINDOWS

With their clean-line design and energy-saving innovations, our Hopper Windows are a great way to add natural light and refreshing ventilation to garages, basements, attics, and more.

Hopper Windows feature a sturdy locking system to seal the sash tightly closed, increasing insulation and comfort.

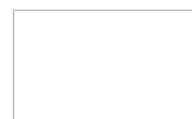

### Versatile window offers optimal style and functionality.

Unique “inward opening” feature easily accommodates areas with limited window space, while performance-engineered construction and insulating components ensure weathertight protection and year-round energy efficiency.

- Premium vinyl color throughout – won’t chip, peel, crack, or warp and never needs to be painted.
- Fusion-welded mitered corners increase structural integrity.
- Multi-chambered frame enhances durability and thermal performance.
- Insulated glass unit<sup>†</sup> with double-strength glass and foam spacer system increases energy efficiency.
- Barrier-fin weatherstripping adds extra protection from air and water infiltration.
- Durable roll-form screen provides lasting performance.
- Optional SolarZone<sup>®</sup> insulated glass package available.
- Backed by a lifetime limited transferable warranty.\* An optional glass breakage warranty also is offered.

### Complementing color.

Our White Hopper Window will beautifully complement the style of your home – inside and out.
