

STC 33

without laminated glass

Our new engineered glass package allows for a high Sound Transmission Class rating of 33 without the increased cost of laminated glass. The Peace and Quiet glass package utilizes a combination of 1/8" and 3/16" glass to alter the way sound waves transmit through the glass.

	GLASS PACKAGE	U-VALUE	SHGC	STC
EAST	Peace and Quiet	0.27	0.28	33
	SolarZone	0.27	0.28	27
	SolarZoneTG	0.22	0.25	30
	SolarZone Laminated	0.27	0.28	32
